Supplier of the Year

NEW AND EXCLUSIVE TO SHOWROOMS

BRITISH HERITAGE PIONEERING DESIGN

Combining classic stove design with cutting-edge, high efficiency combustion systems, the all-new Huntingdon 30 Ecodesign stove brings warmth and character to your home.

Tasteful detailing decorates each stove's cast iron door, side panels and top plate — testament to the craftsmanship behind each stove.

A single air control responds with quality you can feel, allowing you to quickly adjust the stove's airflow system for rapid start-up or easy heat output regulation.

Front cover image: Huntingdon 30 woodburning Ecodesign stove, with Tracery Door, shown with ceramic wood effect beam.

HUNTINGDON 30 ECODESIGN STOVES

Huntingdon 30 multi-fuel Ecodesign stove, with Tracery Door and door handle removed. Shown with Stovax Claremont mantel in Antique White Marble

Fluted Vermiculite firebricks

Advanced burn chamber engineering and airflow technology puts the Huntingdon 30 at the forefront of stove innovation. Burning with minimal emissions, this elegant stove is suitable for urban and country homes alike, exceeding both DEFRA Smoke Control and Ecodesign air quality requirements.

The Huntingdon 30 comes in dedicated woodburning or multi-fuel versions, with either clear or tracery door options to suit your home.
