AVANTI  
GAS FIRES

SHOWROOM  
EXCLUSIVE

# Experience the exceptional

When you choose Onyx, you are choosing more than just a fire or stove. You are choosing the pinnacle of British innovation and quality. You are choosing prestige. As part of the Stovax Heating Group, Onyx is the culmination of over 40 years of experience designing and crafting best-in-class heating products. Every fire and stove is born in our state-of-the-art research and development laboratories, and incorporates industry leading technology and design.

## The Onyx promise

Your Onyx retailer will provide you with a Five-Year Warranty for your new gas stove providing it is registered with Onyx. Please note this warranty excludes certain consumable parts. Stoves purchased outside of Onyx's Expert Retailer Network will carry a standard One Year Non-Extendable Warranty, or minimum statutory warranty for your country. Full warranty terms and conditions are available at: [onyxfires.com](http://onyxfires.com)

## The Onyx retailer network

We take great care to ensure that our fires are designed, tested, and manufactured to the highest possible quality and safety standards. We are just as determined to make sure they are sold and installed correctly so that you will enjoy years of pleasure from your purchase. Accordingly, you will find our Avanti range is exclusively available from our experienced, independent retailers' showrooms.

# Choose Avanti, choose more

---

The Onyx Avanti Gas fire range is designed with elegance in mind. With their sleek exteriors, these luxurious inset feature fires complement all manner of contemporary interior styles, creating a breathtaking centrepiece.

These outstanding conventional flue fires are available as natural gas and LPG models and come in two sizes. What's more, both the Avanti 65 and the larger 85 come with the added option of a framed installation. Make a truly exceptional statement with the bold Expression frame, or opt for effortless sophistication with the minimalist Edge+.

The Avanti Gas burner system creates a glowing ember-effect bed and wrap-around, rolling flames placed in thoughtful points around the log-effects, mirroring a traditional woodburning fire. This is enhanced by our alluring EchoFlame™ Black Glass Lining, a reflective backdrop creating mesmerising layered flame visuals. Combining these features with an ultra-realistic, handpainted Split Oak log-effect, these premium fires drive at picture-perfect quality.

*Avanti 85 Gas Edge+, also shown on cover*

### Installation and Safety

Onyx gas stoves must be fitted by a qualified gas installer (Gas Safe registered in the United Kingdom or Bord Gais registered in the Republic of Ireland). Please note that all parts of these stoves become extremely hot during operation and can result in serious injury and burns if touched. It is therefore recommended that a fireguard complying with BS 8423:2002 is used in the presence of young children, the elderly or infirm.
